

# 7 GREAT REASONS TO TRAIN WITH

## 1 EASY!

Our tutors are friendly and supportive. We make things simple and straightforward. We do not put anyone through an exam or test at the end of the course. Full tutor support - matched to your learning style.

## 2 FAST!

Core course content is fully tutored - No lengthy distance learning that you don't have time to fit in. Level A has no post-course work. Learn from tutors and other delegates in only 3 days.

## 3 BUSINESS EXPERTISE!

We are business consultants so we bring pragmatic experience of applying psychology to the business world. Avoid academic courses, and get the pragmatic knowledge you need to support your professional practice.

## 4 COMFORTABLE!

Courses are run with a maximum of 8 delegates in modern, air-conditioned offices. We treat delegates as guests and look after you as such.

## 5 INDEPENDENT!

Although we have developed leading-edge psychometrics, we are not a large test publisher and introduce you to a range of tools on the market - not just our own. There is no lock-in or license fees.

## 6 LOCATION!

We have offices in a Cotswold location, with excellent connections and beautiful places to stay. No travelling through town-centre traffic or having to find a parking place!

## 7 VALUE!

We offer exceptional value for your training budget. We charge highly competitive rates without compromising on professional quality. See what previous delegates think - testimonials and references on the site, or ask us for more.
